

A LIVE CHANNELING BY NANCY EVANS WITH THE IN-SPIRIT TEAM

HOW TO FIND YOUR WAY BY FINDING YOUR HIGHEST INNER KNOWING

Conversations with the In-Spirit Team are always profound and self-empowering. That's because these spirit guides reside in the highest non-physical dimensions where infinite wisdom, information, and perspective are their divine essence. It's also because they have been lovingly and steadfastly helping to uplift the human race for eons.

This team of five spirit guides knows us, cares for us, and is working particularly diligently in these times to help humans self-awaken and self-empower. To what end? So that we can remember that we are Spirits-in-form, capable of creating literal heavens on Earth.

This month's *Soul Talk Channeled Series* will help you better understand what's going on in your life and what your Soul is yearning for you to integrate into your awareness and daily living. As always, the In-Spirit Team will welcome your questions.
