

FINALLY you and your employees can afford to get well and stay well!

# The Small Business Wellness Movement HAS BEGUN!

Dear Business Owner or Organization Leader:

**BE WELL WORK WELL (BW3)** is a community health outreach program of Thrive CommUnity Acupuncture. It's designed to bring uniquely affordable complementary health care services to **for-profits, nonprofits, schools, churches and public entities.**

Our goal is to help your employees be as healthy, vital and productive as possible. That, in turn, can help decrease absences and disruptions due to illnesses and injuries. It should also help you grow your bottom line.

Here's how BW3 works:

- **At no cost to your business or organization,** once you become one of our "Community Health Partners" our health services are available to your employees (and their immediate family members) at discounted pricing.
- For example, your team members and their families receive their **first-time acupuncture appointment for free, with follow-up treatments as little as \$25.**
- Also, **first-appointment 60 minute therapeutic massages are only \$45, with follow-up one hour massages as little as \$55.**
- Our complementary health care services include:
  - **Acupuncture/Traditional Chinese Medicine** (including herbal and nutritional support)
  - **Therapeutic Massage therapies**
  - **Energy Work therapies** (including Reiki, CranioSacral and non-needle Acupressure)
- We're pleased to give you additional free first-time acupuncture treatment gift certificates anytime you need. And let us know as your company has special events or wellness activities going on because we may be able to come in with some free services!

## HERE'S A LITTLE INFO ABOUT US!

Since 2011 THRIVE COMMUNITY ACUPUNCTURE has been committed to delivering quality, caring, affordable complementary health care services to as many people as possible in Northern Colorado.

We've served over 65,000 treatments, worked with scores of nonprofits and small businesses, and been voted "Best Acupuncture Clinic" by *NOCO Style Magazine's* readers the last four years in a row.

We created *BE WELL WORK WELL* because we're passionate about the health and well-being of local businesses and community groups.

Current BW3 Community Health Partners include *New Belgium Brewing, United Way of Larimer County, Project Self-Sufficiency, FOCO Cafe, Gallegos Sanitation, Style Media, Homeless Gear, & Sears Trostel Lumber.*
