Thrive CommUnity Acupuncture

FOR IMMEDIATE RELEASE

DECEMBER 1, 2021

**PLEASE HELP US SPREAD WORD
THAT WE ARE PROVIDING FREE
ACUPUNCTURE TO OVERSTRESSED
FRONTLINE MEDICAL WORKERS!**

Northern Colorado's frontline nurses and other medical personnel have found themselves taking much of the brunt of the stresses and traumas of this pandemic. Unfortunately, this beyond-the-call-of-duty level of sacrifice sees no clear light at the end of this tunnel.

We hope these amazing community healers will receive more and more respect, care, and support from everyone! For our part, we are honored to now offer these overstressed medical workers acupuncture at no cost.

The nurses and medical workers who frequent us keep sharing how our services are helping them get through this stressful time... regarding their many physical pains, anxiety, insomnia, emotional distress, and more.

We are honored to provide these ongoing services as our thank you to the medical workers making great sacrifices in this time. We appreciate the support we continually receive from our patients and larger community which enables us to offer philanthropic outreaches such as this.

PLEASE NOTE:

Medical workers will need to phone our receptionists to schedule their appointments at 970-282-8300 (7 dys/wk).

**Thank you from the entire team at
Thrive CommUnity Acupuncture & Massage!**
